

# CAREER DEVELOPMENT & RECRUITMENT OPPORTUNITIES

## WHY CONNECT WITH US?

- Weatherhead students possess strong **analytical abilities and quantitative skills** to interpret and leverage data for meaningful decision making.
- Weatherhead students gain practical experience by **solving real business challenges through rigorous coursework** and one on one engagement with faculty, who are experts in their respective fields.
- Weatherhead leverages our strengths in **Appreciative Inquiry, Artificial Intelligence and Blockchain** to uniquely prepare our students to address your ever-evolving business needs.
- Our Career Development and Placement teams offer a **personalized approach** to tailor a **unique strategy** that connects you with the right pool of students to meet your organizational goals.

The Weatherhead Career Development and Placement teams believe that by facilitating connections and building relationships with alumni and local and national employers we are able to support students' career development and advancement.

We offer a wide variety of engagement opportunities through which you can build your talent pipeline by directly connecting with high-caliber, professional students. Join us in cultivating the next generation of leaders.

## CAREER DEVELOPMENT

**Co-facilitate a career workshop.** Partner with Weatherhead staff to co-facilitate a workshop for students on networking, interviewing, and more.

**Mentor a student.** Connect one-on-one with a graduate business student through Coffee Connections or Weatherhead's formal mentorship program.

**Facilitate mock interviews.** Conduct behavioral interviews with graduate business students and provide feedback as a volunteer interviewer.

**Become an "employer in residence".** Support student career success by hosting one-on-one mock interviews, resume reviews and general career advice sessions (in-person or virtual).

**Partner with student clubs.** Connect with relevant campus organizations to network and engage with a specific group of students.

**Serve on a panel.** Share your unique insights, experiences, and advice with students through targeted career programming, including our International Alumni Panel.

**Host a career trek.** Host a small group of students at your company, providing students with an opportunity to learn about your industry through panels, tours, networking, or on-site presentations.

**Collaborate in the classroom.** Team up with graduate business students and faculty to discover the most innovative solutions for your organization and provide students with a real-world learning experience.

---

Through your continued support and involvement, our students gain real-world, practical experience, strengthening their candidacy for future opportunities. Weatherhead greatly values our partnership with alumni and employers, and we look forward to working together.

## RECRUITING & PLACEMENT

**Participate in the Fall Career Fair.** Meet graduate and undergraduate business students seeking internship and full-time opportunities. Registration is available on **Handshake**.

**Create a tailored recruiting event.** Partner with us to create a targeted in-person or virtual experience, such as a small lunch or dinner, coffee chats, networking event or informational session.

**Attend recruiting and networking events.** Network with graduate business students seeking internships and full-time positions in a setting designed to foster conversation and facilitate connections.

**Request a resume book.** Review graduate business students' resumes; we can provide a full resume book or a tailored selection of resumes based on your qualifications.

**Post a position on Handshake.** Register for an account on **Handshake** and complete your company profile to reach all Case Western Reserve University students. Post available positions, view resumes and contact qualified students and alumni.

**Host on-campus or virtual interviews.** Weatherhead can coordinate in-person or virtual interview schedules, and space if needed.
